About Company

With a collective experience spanning 28 years as contractors, engineers, and developers, we bring a wealth of knowledge and expertise to every project we undertake. Over the years, our dedicated team has successfully completed the construction of various landmark buildings, each showcasing our commitment to quality, innovation, and excellence in the residential construction industry.

Collabration

Collaborated with the **Kanungo Group** on multiple projects over the past 28 years, fostering a long-standing partnership built on trust and excellence.

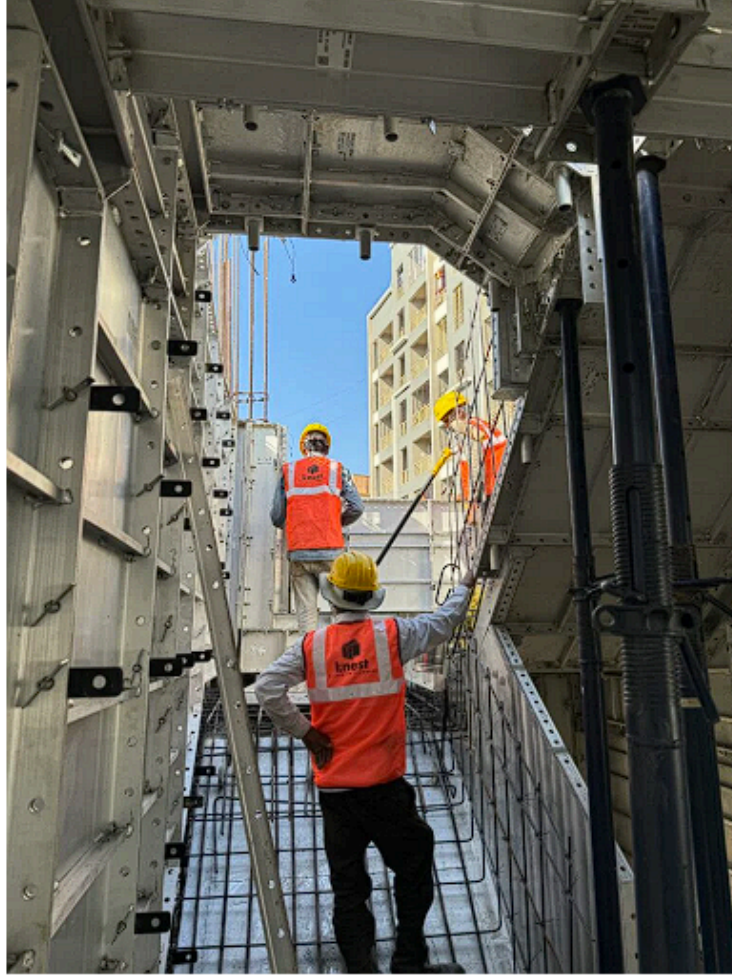

Founder

The driving force behind this extraordinary company is Mr. Ramesh Jain. His unwavering vision, tireless dedication, and unmatched expertise have elevated us to the forefront of the industry.

The founder himself is a B.E. and M.E. Civil Engineer with extensive experience and deep knowledge of every aspect of the construction industry — technical, theoretical, and practical. His expertise ensures that every project is executed with precision and care, and that quality is never compromised.

Ramesh Jain

What we **Believe**

Sustainability

Sustainability lies at the core of our values at The Home Fiesta, driving every aspect of our residential construction projects. From design to completion, we prioritize eco-friendly practices, utilizing energy-efficient solutions to minimize environmental impact.

Innovative Design, Timeless Quality

Our commitment to blending cutting-edge design concepts with enduring quality craftsmanship, resulting in homes that stand the test of time both aesthetically and structurally.

Integrity in Construction

Trust in Every Brick™: Integrity is the cornerstone of our firm, and this motto reaffirms our unwavering commitment to honesty, transparency, and ethical practices in every aspect of our construction projects.

Some Of Our Development Projects

Area - Mira Bhayandar

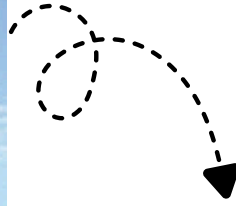

Beaumonde (Latest – Ongoing)

- Fully Ventilated Residences
- Powder Washrooms in Residences
- Full Length Windows with Ample Sunlight
- Italian Designer Tiles Air-Conditioned Homes
- Fully Equipped Washrooms with Kohler / Similar Sanitary-Ware
- Residences With Exquisite Deck
- Floor To Floor Height Of 10.5 Feet
- 3tier Security- Intercom & Video Door Phone
- Plenty Of Fresh Air, Natural Light and Spectacular Views for an Idyllic Living
- and much more

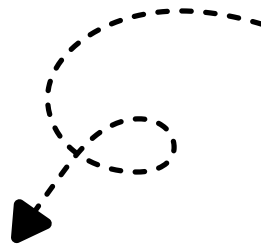

Our current project leverages Mivaan Technology, incorporating the innovative use of Aluform instead of traditional construction methods. This strategic adoption not only accelerates project timelines but also significantly enhances efficiency and strengthens the structural integrity of the building. By embracing Aluform, we not only reduce construction time but also ensure superior quality and durability, ultimately leading to a more resilient and cost-effective outcome.

Some Of Our Development Projects

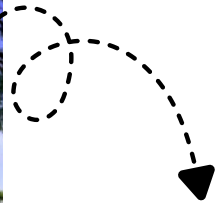

Florentia

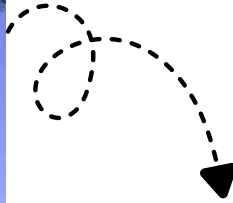

Tulip

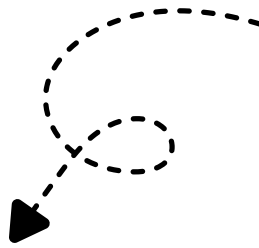

Some Of Our Development Projects

Tulip

Garden City

MMRDA Project

Stepping Into The Redevelopment World

Project 1

- Project Location: Mira Road
- Total Buildings: 4

Meet Our Partner

Khush Jain

A Mechanical Engineer with a Master's degree in Engineering Project Management from the University Of Manchester, United Kingdom, he brings a fresh perspective of sustainability and innovation to the company. His global exposure and modern approach introduce advanced practices that are often lacking in our subcontinent, helping elevate the overall quality and vision of our projects.

Let's Work Together

Let's work together to build and rebuild with purpose. At The Home Fiesta, we specialize in both the development of new buildings and the redevelopment of existing ones. Our approach blends modern design, technical expertise, and a deep understanding of urban needs. Partner with us, and let's create spaces that elevate communities and stand strong for generations.
